A Waste Management Plan details how you intend to manage waste generated during the demolition and construction stage of your project as well as the waste generated from the ongoing use of the development. This form must be completed and submitted to Fairfield City Council with your Development Application and indicate what waste will be generated and how much, how waste will be avoided, reused on site, recycled and disposed and how you intend to keep disposal of waste to a minimum.

| Proposal |                       |                                |                                |          |  |
|----------|-----------------------|--------------------------------|--------------------------------|----------|--|
| 1.       | 1. Site address       |                                |                                |          |  |
| House    | e / unit no.          | Lot:                           | Section:                       | DP / SP: |  |
