

Rob Sherry
Planning Secretary
Department of Planning, Industry and Environment
GPO Box 39
Sydney NSW 2001

Attn: Rob Sherry

3 June 2020

Dear Mr Sherry

Fairvale High School Redevelopment Project (SSD 8677): Submission of Unexpected Contamination Procedure Details in accordance with Condition B5

I refer to the Fairvale High School Redevelopment Project approved on the 31 January 2019.

During earthworks unexpected contamination in the form of bonded asbestos fragments in soil was discovered. In accordance with condition B5 of the Development Consent, any material identified as contaminated must be disposed off-site, with the disposal location and results of testing submitted to the Planning Secretary, prior to its removal from the site. The following documents and detail have been submitted to the Planning Secretary for information:

- Waste Classification Report with results of testing (Refer to Greencap - J167854 - Waste Classification and Assessment Fairvale HS 1 Rev1)
- Disposal location to be SUEZ Kemps Creek Resource Recovery Park operated by Suez Recycling & Recovery, located at 1725 Elizabeth Drive, Kemps Creek NSW 2178 (refer to Environmental Protection Licence 4068)

The document has been reviewed internally by myself and the compliance team.

The Department of Education therefore submits the above documents to the Planning Secretary for information.

Yours sincerely

Thomas Lennon
Project Director
Schools Infrastructure NSW
