

Drawing Title	Drawing Number	Old Issue Number	New Issue Number	Summary for Design Changes	Comments/Proposed Benefits
Drawing Register and Construction Notes	NHR-BON-DRW-CIV-TB1-0000001	C	D	Nil Changes	Drawings revision change
Soil and Water Management Plan	NHR-BON-DRW-CIV-TB1-0001002	C	D	Temporary Access Road connecting to Somerset Street Added Sediment Basin Removed	Temporary Access Road connecting to Somerset Street is required due to clashing between the alignment of permanent access road and existing child care centre. Sediment Basin is not required as there is less than 150m ³ per year of soil loss
Bulk Earthworks Plan	NHR-BON-DRW-CIV-TB1-0002002	D	E	Amendment of bulk earthworks	Bulk Earthworks design is revised to suit the following amendments: - Southern landscape area - Relocataion of switch room to south-west corner of the proposed building - Temporary access road connecting to Somerset Street
Bulk Earthworks Longitudinal Sections	NHR-BON-DRW-CIV-TB1-0002101 NHR-BON-DRW-CIV-TB1-0002102 NHR-BON-DRW-CIV-TB1-0002103 NHR-BON-DRW-CIV-TB1-0002104 NHR-BON-DRW-CIV-TB1-0002105 NHR-BON-DRW-CIV-TB1-0002106	B C C B B B	C D D C C C	Refer to Bulk Earthworks Plan comments above	Refer to Bulk Earthworks Plan comments above
Siteworks and Stormwater Drainage Plan	NHR-BON-DRW-CIV-TB1-0003002	C	D	Introduction of Rainwater Tank from western to eastern side of the building	Introduction of Rainwater Tank provides easy maintenance access and shorter distance for irrigation of the landscape areas
				Relocation of proposed Stormfilter at A1b to further north	The purpose of relocating the stormfilter is to avoid clashing with the proposed utilities.
				Minor amendments to the stormwater drainage design	Stormwater drainage design is revised to suit the following amendments: - Relocation of VIE compound to Ambulance Bay - Relocation of switch room to south-west corner of the proposed building - Regrading/realignment of the proposed emergency drop-off
				Additional Stormwater Drainage System (e.g. Dish Drains)	Additional Stormwater Drainage System (i.e. Dish Drains) is required as new maintenance access road is proposed to provide for maintenance of VIE compound
