Subject: 2022-023 Maryvale Solar Farm Modification 1 – SSD 8777 – MOD – 1

Good Afternoon Elisha,

Transgrid reference number: 2022-023

Proposal: Maryvale Solar Farm Modification 1 – SSD 8777 – MOD – 1

Transgrid advise:

1. This is also not a customer project yet.
2. The proponent will need to engage TransGrid via executing a connection Processes Agreement to finalise the connection to Transgrid's network.
3. The EIS will need to include all connection assets including the new transmission line cut in to the existing transmission line, a new transmission line/substation and access roads for the new infrastructure assets.

Regards

Michael
