Dear Mr Hogan,

**Mainsbridge School for Specific Purposes (SSD 8792)
ESD Evidence of Certification, Condition D44**

I refer to your submission, dated 6 October 2021, with an evidence of Ecologically Sustainable Development (ESD) Green Star certification in accordance with condition D44 of SSD 8792.

I note that the Green Star certification is issued by the Green Building Council Australia (GBCA) confirming that the development has achieved a 4-star Green Star As Built rating.

I also note that DoE opted to obtain the Green Star certification with the GBCA instead of utilising the alternate ESD certification pathway, approved by the Department on 20 January 2021, by an independent ESD Consultant.

Accordingly, I acknowledge receipt of the ESD evidence of a 4-star Green Star certification in accordance with condition D44 of SSD 8792.

If you have any questions, please contact Shiraz Ahmed on 02 9274 6534.

Yours sincerely
