Dear Ms Oustambasidis,

**Cranbrook School Redevelopment (SSD 8812)
Request for ESD Certification Timeline Extension, Condition F5**

I refer to your submission to the Planning Secretary requesting a 3-month time extension for a 4-star Green Star certification under condition F5 for the Cranbrook School Redevelopment (SSD 8812).

As discussed, the Department considered your request and are of the view that it is too early to determine whether any time extension is required to obtain a 4-star Green Star certification within the timeline specified in the project development consent. Therefore, I request that you provide the Department with a regular update on ESD certification issue to determine whether any ESD time extension will be required by the Applicant in the future.

If you have any questions or wish to discuss the matter further, please contact Sidonie Crepeau sidonie.crepeau@planning.nsw.gov.au.

Yours sincerely,

Shiraz Ahmed
