Subject: Amendment of Gregadoo Solar Farm Mod 4 (SSD-8825-Mod-4)

Dear Mr Perez

I refer to the Amendment Report which was submitted on 26 September 2025 in accordance with the Environmental Planning and Assessment Regulation 2021 (the Regulation) for Gregadoo Solar Farm Mod 4 (SSD-8825-Mod-4).

The Amendment Report has requested the following changes:

- Relocation of the proposed battery energy storage system from the southwest corner to the southeast corner of the development footprint;
- Minor adjustments to internal access tracks; and
- Updating the schedule of lands to reflect the subdivision of Lot 11 DP 1043022, creating Lot 42 DP 1303215 and Lot 43 DP 1303215.

The department has reviewed the Amendment Report and notes that the proposed amendments are in response to government agency advice on the project and aim to reduce or maintain the impacts of the project as a whole.

Accordingly, I as delegate of the Minister for Planning and Public Spaces approve the application for the amendment.
