Dear Mr Morley

**Gregadoo Solar Farm (SSD-8825)  
Fencing Height**

I refer to your letter dated 30 June 2021 (SSD-8825-PA-10), seeking to reduce the approved height of permitter fencing for the Gregadoo Solar Farm (SSD 8825) from 2.3 m to 2.1 m.

The Department has reviewed your proposal and confirms the reduced fence height generally accords with the endorsed Environmental Impact Statement and notes:

- the approved fence type and location would not change;
- there would be no additional environmental impacts resulting from the fence height reduction,
- a revised Biodiversity Management Plan and Landscaping Plan will be submitted reflecting the changes.

If you have any questions, please contact Karl Okorn at [karl.okorn@planning.nsw.gov.au](mailto:karl.okorn@planning.nsw.gov.au) or on (02) 9995 5207.

Yours sincerely,

Nicole Brewer  
Director  
Energy Assessments
