**Eastern Creek Quarters - Stage 2 (DA# TBC)**  
**Gas, Water and Comms**

ADP, as the services engineering consultant for the above project confirms and advises that in ADP's professional opinion, and to the best of its knowledge, based upon dial-before-you-dig information from Jemena and Sydney Water, the utility gas and potable water mains appear to have sufficient supply and connection opportunities to service the proposed development.

The review of the services in relation to the project scope area of the above project have been made in accordance with sound engineering practise and conforms to the requirements of the following:

- Pressure & Flow Application Number 256065
- Dial Before You Dig Application Job# 12443387

This statement does not include existing services that remain outside the scope of this project, is not a *compliance certificate* as defined under the NSW Environmental Planning and Assessment Act 1979 and shall not remove from any contracted party any contractual obligation, liabilities or any other requirements for the project.

Regards,

Charbel Raad
