Hi Carolyn

As per discussions between Gunnedah Shire Council (GSC) and DPE this afternoon regarding the *Traffic Impact Assessment* section of GSC's submission (see attached) to the Orange Grove Solar EIS, Orange Grove Sun Farm Pty Ltd provides the following response:

1. 2nd bullet point: *"The unsealed section of Orange Grove Road will need sealing prior to construction commencing to manage dust. A polymer dust suppressant may be a suitable alternative to bitumen given the short term nature of the construction"*

Orange Grove Sun Farm Pty Ltd agrees.

2. 10th bullet point: *The access from Orange Grove Road to the proposed development should be sealed.*

Orange Grove Sun Farm Pty Ltd agrees.

Can you please respond with confirmation.

Regards

Sten
