Liddell Battery and Bayswater Ancillary Works – Combination of Plans

Dear Mr. Taylor

I refer to your letter dated 17 July 2026 requesting approval for the Operational Environmental Management Strategy (EMS) to incorporate construction and decommissioning measures.

The Department notes that only limited construction and decommissioning activities are proposed during the operational phase.

Accordingly, as nominee of the Planning Secretary, I approve the combination of plans within the EMS.

If you wish to discuss the matter further, please contact Charissa Pillay on 02 99955944.

Yours sincerely
