Subject: Request to stage management plans for Liddell Battery and Bayswater Ancillary Works - (SSD-8889679)

Dear Kimberly,

I refer to your letter dated 12 August 2022, requesting approval for the staging of management plans for the project under Condition A7 of Schedule of the development consent.

I note that the letter:

- outlines two stages for the preparation of management plans, with Stage 1 comprising decoupling works and Stage 2 comprising other elements of the project;
- describes the approach to staging the Environmental Management Strategy and Aboriginal Cultural Heritage Management Plan for Stage 1; and
- notes that a Biodiversity Management Plan is not required for Stage 1 as no clearing of native vegetation is required for this stage of the project.

As nominee of the Planning Secretary I approve the staging of management plans as described in the letter.

If you wish to discuss the matter further, please contact Jack Turner on 9995 5387.

Yours sincerely

Wayne Jones
