SSD8889679 Stage 2 – Review and Update of Environmental Management Plans

AGL Macquarie (AGLM) holds SSD 8889679 (the Consent) for the Liddell Decoupling and Bayswater Ancillary Works.

Part C Condition C3 of the Consent requires review and, if necessary, revise the plans for the Consent following various triggers. The following management plans for Stage 2 under the consent (construction of the Liddell Battery Energy Storage System) have been reviewed with minor updates made following approval of Modification 2 of the Consent, and recent Independent Environmental Audits:

- Environmental Management Strategy;
- Aboriginal Cultural Heritage Management Plan;
- Contamination Management Plan;
- Air Quality Management Plan;
- Biodiversity Management Plan;
- Noise Management Plan;
- Traffic Management Plan;
- Soil, Stormwater, Flood and Spoil Management Plan; and
- Waste Management Plan.

These updated plans are provided for your review and approval.

Please contact me on Jmcnamara2@agl.com.au or 0498 730 868 if you have any further questions.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'J. McNamara', with a long, sweeping horizontal line extending to the right.

James McNamara
Environment and Compliance Manager - Construction
