

2 August 2022

Mr Michael Cassel
Secretary
NSW Department of Planning, Industry and Environment
12 Darcy Street
Parramatta NSW 2150

To Mr Cassel,

One Sydney Harbour, R4A&B Buildings – S4.55 MOD6 Ecological Sustainable Development (ESD) Assessment

Integrated Solutions is the ESD consultant for the above projects and has reviewed the proposed changes associated with the S4.55 Mod6. We can confirm that there are no changes that will affect the project's ability to meet the existing BASIX commitments outlined in certificate **649693M_05 or 1117574M_04**, or other ESD related planning commitments that have been documented within our reports:

- 'Residential Building R4A Barangaroo South, ESD Report – Development Application', dated 05 July 2019.
- 'Residential Building R4B Barangaroo South, ESD Report – Development Application', dated 05 July 2019.
- 'Residential Building R4B Barangaroo South, ESD Report – Amending Development Report', dated 11 November 2020.

While the following changes will have a minor impact on thermal performance, these changes will have no negative impact on the existing BASIX commitments or other existing ESD related planning commitments.

- Changes to the R4A operable retail façade.
- Door and wall adjustments to the plantroom within R4B.
- Wall adjustments in Apt C Luxury within R4B.

Yours sincerely,

A handwritten signature in black ink, appearing to read "R. Hyslop".
