The Capital Investment Value has been calculated in accordance with the definition contained in the State Environmental Planning Policy Amendment (Capital Investment Value) 2010 stated as:

- b) Costs relating to any part of the development or project that is the subject of a separate development consent or project approval
- c) Land costs (including any costs of marketing and selling land)
- d) GST (as defined by A New Tax System (Goods and Services Tax) Act 1999 of the Commonwealth).

Based on the above definition we wish to confirm our estimated Capital Investment Value (CIV) for this project to be **\$303,169,200** excluding GST.
