Dear Ms Chang

SYDNEY FISH MARKET SSSA – COMMENTS ON UPDATED CONCEPT AND MAIN WORKS – MARITIME HERITAGE IMPACTS

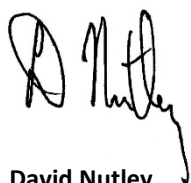

Thank you for your email of 16 September regarding the updated new Sydney Fish Market SSSA drawing packs for both the concept and main works.

I have now examined these documents in consideration of potential impacts on maritime heritage as identified and discussed in my report of November 2019 *New Sydney Fish Market – Maritime Heritage Impact Statement* (version I.2019).

My findings are that there are only minor configuration changes to the jetties on the northern side of the main wharf and basement. These changes have no implications for the mitigation measures contained in section 7 of my report (pages 30-32) or the recommendations in section 8 (page 34). I therefore confirm that these recommendations remain valid.

Please contact me if you have any queries.

Yours sincerely

David Nutley
Director/Archaeologist
