Subject: the new Sydney Fish Market – Stage 2: Landscape Design Condition B8(i)

Dear Ms Hambly,

I refer to your submission of 25 October 2024, requesting approval of the landscape design confirming details of the water sensitive urban design, drainage, waterproofing and watering systems for the development.

I note the design details:

- have been reviewed by the proponent and no issues have been raised with the Department; and
- contain the information required by the conditions of approval.

The Department has carefully reviewed the documents and is satisfied they meet the requirements of Condition B8(i) of the consent (SSD-8925).

You are reminded that if there are any inconsistencies between the documents and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Rodger Roppolo on 8289 6876 or at rodger.roppolo@planning.nsw.gov.au

Yours sincerely
