Dear Mr Anmak,

**IMSA Gallipoli Campus Auburn (SSD-8926)
Community Communication Strategy Time Extension Request, Condition C6**

I refer to your request to the Planning Secretary seeking a time extension for the approval of the Community Communication Strategy (CCS) in accordance with condition C6 of the IMSA Gallipoli Campus, Auburn (SSD 8926).

I understand that you wish to commence some limited Stage 2 early works prior to the approval of the CCS. I note that the Department has rejected the current draft version of the CCS as it lacks sufficient detail to meet the requirements of the conditions of consent. The Department has provided initial comments on the CCS and has offered to meet with you to assist in clarifying our expectations regarding this critically important document.

As nominee of the Planning Secretary, I approve the time extension to the approval of the CCS until 31 March 2022, in accordance with condition C6 of SSD 8926. This is subject to you managing community communication in accordance with the requirements of condition C6.

The time extension is to allow you to commence Stage 2 early works involving bulk excavation and shoring works only. You must not commence further works until the CCS is approved. Further, you must ensure that the draft CCS is of a suitable quality and standard, and that you allow for a reasonable timeframe for the Department complete its review. Therefore, I request that you submit the final draft CCS via the Major Projects portal no later than 17 March 2022. Please address all the Department's review comments to ensure that there is no delay in the approval of the CCS, and that the remaining works can commence in a timely manner.

Please note that the Department may review this conditional approval should community environmental complaints or non-compliances with the conditions of consent remain unaddressed.

If you have any questions or wish to discuss the matter further, please contact Thomas Scoble at thomas.scoble@dpie.nsw.gov.au.

Yours sincerely

Jake Shackleton

Director – Infrastructure Management

As nominee of the Secretary
