

17 May 2018

The Secretary
Department of Planning and Environment
320 Pitt Street
SYDNEY NSW 2000

Attn David Gibson

Dear David

**State Significant Development Application SSD 17_8963 Lismore Hospital
Stage 3C**

In December 2017, the Secretary of the Department of Planning and Environment (DPE) issued requirements for the above application. In response to those Environmental Assessment Requirements (SEARs), Health Infrastructure (HI) enclose an Environmental Impact Statement (EIS) along with accompanying appendices and plans which outline the proposed development, address the SEARS and provides mitigation measures as required.

Stage 3C of the Lismore Hospital redevelopment is an important piece of State Infrastructure and will provide a significant contribution to the local area and its economy.

If you have any questions or require any additional information, please contact Leoné McEntee on 9978 5420 or leone.mcentee@health.nsw.gov.au.

Yours sincerely

Sam Sangster
Chief Executive
