Hi Lauren,

Sorry for the delay I have been on leave.

Please see Wayne Johnson's response regarding the ASN Co Theatrettes and their closure.

If you need anything further please let me know.

Natalie.

Subject: RE: ASN Co - Story of Sydney

Story of Sydney closed after 18 months- essentially business failure. The main exhibition building (100 George Street) was redeveloped and tenanted, and the access to the theatrettes closed.

There was no market for stand-alone theatrettes since, although it was sporadically used by SHFA for education purposes. This use ceased when the George St foyer was leased for commercial gallery space around 2005 (which it served until recently).

Hi Wayne,

I provided info to Lauren regarding the Story of Sydney installation in Bay 5 ASN.
But she had some further questions regarding why it didn't go ahead. Do you have a response for her by any chance?

Natalie

Hi Natalie, how you going? Can I just follow up on my below email – I was just wondering if there was any info on what happened next – after the Story of Sydney was installed in the ASN building in 1992 – it didn't go so well and I wonder if there was any info on file. The Heritage report mentions an impending court case in 1995. I just wonder because it doesn't make sense to me that the cinemas have just sat vacant for 26 years. But I don't want to put you to any trouble.

Regards,

Hi Natalie,

I have been away but I took the info and read it while away it was really informative.

Can I ask – what other info is there? How did the Story of Sydney fall over?

Regards,

Lauren Moore

Hi Glenn & Natalie – wow! Thank you so much!

This is great info. There is a whole lot of information that is relevant and the Department –thank you! when the cinemas were being built and the work had to stop – the union got involved because there was Asbestos – which was removed.

Besides the timber storage - the reason I am so interested in the bridge/steps from this time is that it relates to the SCRA and how it was approved back then.

Thank you!

You have received 1 secure file from natalie.gedeon@property.nsw.gov.au.
Use the secure link below to download.

All the property files I mentioned are actually digitised, so I have attached them all for you to look through. The drawings you identified don't seem to be in the files so I am of the assumption that they may have been lodged with City of Sydney. You could put in a request through them and see what they have on file.

I am happy to send through all the drawings we have for that building but they are not the drawings you highlighted in your attachment. Let me know and I can send them via email also.

Let me know how you go with the attached files and if you need any further research done.

Natalie
