Subject: HPE CM: Draft SEARs for the Upgrades to the ASN Co Building (SSD 8967)

Hi Ellen,

In relation to the draft SEARs, it is recommended that:

- the heritage impact of works arising from BCA and DDA compliance should be specifically addressed; and
- the Conservation Management Plan reference be change to the more recent 2009 Conservation Management Plan for the building by City Plan Heritage (rather than the 2004 plan by Graham Brooks and Associates).

Regards,

Michael
