15/12/2021

Dear Ms Knott,

**Loreto Normanhurst School Redevelopment (SSD 8996)
Community Consultative Committee, Condition C11**

I refer to your submission dated 13 December 2021 providing an update on the establishment of the Community Consultative Committee (CCC) in accordance with condition C11 for the Loreto Normanhurst School (SSD 8996).

I note that the submission:

- details the activities undertaken to establish the CCC;
- outlines the benefits of commencing the construction works for substages 1, 2 and 3 across the Christmas school holiday shut-down period; and
- has been submitted to the Department prior to the commencement of any construction works at the site.

Following the Department's appointment of an Independent Chairperson for the CCC, letter dated 6 December 2021, and the steps taken by the Applicant to establish the CCC for the school, the Department does not object to a Construction Certificate being issued by the Certifying Authority (provided the relevant consent requirements are met) for conducting substages 1, 2 and 3 works as per the approved staging report dated 10 December 2021 for the project.

It is expected that you will establish the CCC as soon as possible and any extension to the delay may result in compliance action.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely

Jake Shackleton
Director – Infrastructure Management

As nominee of the Planning Secretary
