Loreto Normanhurst Concept Proposal and Stage 1 (SSD-8996)
Revised Community Communication Strategy, Conditions A13(c) and A14

Dear Mr Gladwish,

I refer to your revised Community Communication Strategy (CCS) seeking satisfaction of the Planning Secretary under condition A14 of the project Development Consent for the Loreto Normanhurst Concept Proposal and Stage 1 (SSD-8996).

I note the revised CCS:

- has been reviewed by the Applicant, and no issues have been raised with the Department;
- has been reviewed and updated to ensure the community continues to be informed about the project works and activities;
- contains the information as required by condition C10 of the consent;
- has been updated under condition A13(c); and
- has been submitted to the Planning Secretary prior to the commencement of Substage 4 construction works.

Accordingly, as nominee of the Planning Secretary, I am satisfied the revised Community Communication Strategy, dated 11 November 2022, prepared by URBIS, is prepared in accordance with conditions A13(c) and A14 of SSD-8996.

You are reminded that if there are any inconsistencies between the submitted documents and the conditions of consent, then the requirements of the conditions of consent will prevail.

Please ensure you make the revised CCS publicly available on the project website at the earliest convenience.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely

Dominic Crinnion
Acting Director
Infrastructure Management

As nominee of the Planning Secretary
