Subject: Tomingley Gold Extension Project (SSD-9176045) - Construction Environmental Management Plan Stage 1a

Dear Mr. Pritchard,

I refer to your request for review and approval of the Construction Environmental Management Plan for Stage 1a of the Tomingley Gold Extension Project (SSD-9176045). I also acknowledge your response to the Department's review comments and request for additional information.

As approved via Schedule 2 Condition A20, Stage 1a works are limited to the eastern side of the Newell Highway and comprise two major components:

- – Establishment and operations of Paste Fill Plant in temporary locations within SAR Mine
- – Establishment of the following approved project components:
 - Borrow pits within the SAR South and Central Pits.
 - Haul and Services Road, services pipeline corridor and internal access track.
 - Temporary intersection with Kyalite Road.
 - Amenity Bund
 - Administration Area.
 - Water Storage Dam.
 - Clean Water Diversion Bund and Exclusion Bund.
 - Kyalite Road realignment (on TGO land only).
 - Relocation of 22kV powerline.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions of approval (SSD-9176045).

Accordingly, as nominee of the Planning Secretary, I approve the Construction Environmental Management Plan Stage 1a (dated August 2023) under Schedule 2, Condition D1.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Scotney Moore, on 02 9274 6342.

Yours sincerely

A handwritten signature in black ink, appearing to be 'SOD' with a stylized flourish.
