## **Development Consent**

## Section 4.38 of the Environmental Planning & Assessment Act 1979

The Independent Planning Commission of NSW approves consent to the development application referred to in Schedule 1, subject to the conditions in Schedules 2 to 4.

These conditions are required to:

- prevent, minimise and/or offset adverse environmental impacts;
- set standards and performance measures for acceptable environmental performance;
- require regular monitoring and reporting; and
- provide for the ongoing environmental management of the development.

Andrew Hutton (Chair)

Member of the Commission

Professor Zada Lipman

Member of the Commission

Professor Snow Barlow

Member of the Commission

Sydney

9 March 2020

The Department has prepared a consolidated version of the consent which is intended to include all modifications to the original determination instrument.

The consolidated version of the consent has been prepared by the Department with all due care. This consolidated version is intended to aid the consent holder by combining all consents relating to the original determination instrument but it does not relieve a consent holder of its obligation to be aware of and fully comply with all consent obligations as they are set out in the legal instruments, including the original determination instrument and all subsequent modification instruments.

### **CONSOLIDATED CONSENT**

### **SCHEDULE 1**

Application Number: SSD 9255

Applicant: ACEN Australia Pty Ltd

Consent Authority: Independent Planning Commission

Land: See Appendix 2

**Development:** New England Solar Farm

## **CONSOLIDATED CONSENT**

### **SUMMARY OF MODIFICATIONS**

Application Number	Determination Date	Decider	Modification Description
SSD-9255-Mod-1	19/02/2021	Director	Revised road upgrade disturbance boundaries
SSD-9255-Mod-2	26/05/2023	Director	Increase capacity of the Battery Storage and increased development footprint

### **TABLE OF CONTENTS**

Environmental Planning and Assessment Act 1979 Environmental Planning and Assessment Regulation 2000

Environment Protection Authority

Feasible relates to engineering considerations and what is practical to build or implement

Fire and Rescue NSW

A vehicle that has a combined Gross Vehicle Mass or Aggregate Trailer Mass of more than 4.5 tonnes

An item as defined under the *Heritage Act 1977* and/or an Aboriginal Object or Aboriginal Place as defined under the *National Parks and Wildlife Act 1974*Heritage NSW within the Department of Premier and Cabinet

A set of circumstances that causes or threatens to cause material harm to the environment

Is harm that:

- involves actual or potential harm to the health or safety of human beings or to ecosystems that is not trivial; or
- results in actual or potential loss or property damage of an amount, or amounts in aggregate, exceeding \$10,000 (such loss includes the reasonable costs and expenses that would be incurred in taking all reasonable and practicable measures to prevent, mitigate or make good harm to the environment

Minister for Planning, or delegate

Implement all reasonable and feasible mitigation measures to reduce the impacts of the development

Modification 2 New England Solar and Battery Project Modification Report dated 10 October

2022, New England Solar and Battery Project Submissions Report dated 18 January 2023, New England Solar and Battery Project Amendment Report dated 20 January 2023 and New England Solar and Battery Project – Additional

Information dated 20 April 2023

Non-compliance An occurrence, set of circumstances or development that is a breach of this

consent but is not an incident

Operation The operation of the development, but does not include commissioning, trials of

equipment or the use of temporary facilities

Over-dimensional vehicle Over-mass and/or over-size/length vehicles

Public infrastructure Linear and related infrastructure that provides services to the general public,

such as roads, railways, water supply, drainage, sewerage, gas supply, electricity, telephone, telecommunications, irrigation channels, drainage

channels

Reasonable Reasonable relates to the application of judgement in arriving at a decision,

taking into account: mitigation benefits, cost of mitigation versus benefits provided, community views and the nature and extent of potential improvements. The restoration of land disturbed by the development to a good condition, to

ensure it is safe, stable and non-polluting

RFS Rural Fire Service

Rehabilitation

Secretary Secretary of the Department, or nominee
Site As shown in Appendix 1 and listed in Appendix 2

Temporary facilities used for the construction, upgrading and/or

decommissioning of the development, including but not limited to temporary site offices and compounds, materials storage compounds, maintenance

workshops, material stockpiles, laydown areas and parking spaces

TfNSW Transport for NSW

Upgrading The augmentation and/or replacement of solar panels and ancillary

infrastructure on site (excluding maintenance)

Vehicle movement One vehicle entering and leaving the site

# SCHEDULE 2 ADMINISTRATIVE CONDITIONS

#### **OBLIGATION TO MINIMISE HARM TO THE ENVIRONMENT**

In meeting the specific environmental performance criteria established under this consent, the Applicant
must implement all reasonable and feasible measures to prevent and/or minimise any material harm to the
environment that may result from the construction, operation, upgrading or decommissioning of the
development.

#### **TERMS OF CONSENT**

- 2. The Applicant must carry out the development:
  - (a) generally in accordance with the EIS; and
  - (b) in accordance with the conditions of this consent.

Note: The general layout of the development is shown in Appendix 1.

- If there is any inconsistency between the above documents, the most recent document must prevail to the
  extent of the inconsistency. However, the conditions of this consent must prevail to the extent of any
  inconsistency.
- 4. The Applicant must comply with any requirement/s of the Secretary arising from the Department's assessment of:
  - (a) any strategies, plans or correspondence that are submitted in accordance with this consent;
  - (b) any reports, reviews or audits commissioned by the Department regarding compliance with this consent: and
  - (c) the implementation of any actions or measures contained in these documents.

#### **UPGRADING OF SOLAR PANELS AND ANCILLARY INFRASTRUCTURE**

Over time, the Applicant may upgrade the solar panels and ancillary infrastructure on site provided these upgrades remain within the approved development footprint of the site. Prior to carrying out any such upgrades, the Applicant must provide revised layout plans and project details of the development to the Secretary incorporating the proposed upgrades.

#### STRUCTURAL ADEQUACY

6. The Applicant must ensure that all new buildings and structures, and any alterations or additions to existing buildings and structures, are constructed in accordance with the relevant requirements of the *Building Code of Australia*.

#### Notes:

- Under Part 6 of the EP&A Act, the Applicant is required to obtain construction and occupation certificates for the development.
- Part 8 of the EP&A Regulation sets out the requirements for the certification of the development.

#### **DEMOLITION**

7. The Applicant must ensure that all demolition work on site is carried out in accordance with *Australian Standard AS 2601-2001: The Demolition of Structures*, or its latest version.

#### PROTECTION OF PUBLIC INFRASTRUCTURE

- 8. Unless the Applicant and the applicable authority agree otherwise, the Applicant must:
  - repair, or pay the full costs associated with repairing, any public infrastructure that is damaged by the development; and
  - (b) relocate, or pay the full costs associated with relocating, any public infrastructure that needs to be relocated as a result of the development.

This condition does not apply to the upgrade and maintenance of the road network, which is expressly provided for in the conditions of this consent.

#### **OPERATION OF PLANT AND EQUIPMENT**

- The Applicant must ensure that all plant and equipment used on site, or in connection with the development, is:
  - (a) maintained in a proper and efficient condition; and
  - (b) operated in a proper and efficient manner.

#### **SUBDIVISION PLAN**

10. The Applicant may subdivide the site to create new allotments for the proposed substation, in accordance with the layout approved in Schedule 4 - Condition 5, and with the requirements of the EP&A Act and EP&A Regulation, and generally in accordance with the figure in Appendix 3.

Prior to subdividing the site, the Applicant must prepare and submit detailed subdivision plans to the Secretary for approval.

#### Notes:

- Under Part 6 of the EP&A Act, the Applicant is required to obtain a subdivision certificate for a plan of subdivision.
- Division 4 of Part 8 of the EP&A Regulation sets out the application requirements for subdivision certificates

#### **BATTERY STORAGE RESTRICTION**

11. Any building or fire rated compartment containing lithium-ion batteries shall contain less than or equal to 30 megawatt hours (MWh) of energy storage capacity.

# SCHEDULE 3 ENVIRONMENTAL CONDITIONS – GENERAL

#### **TRANSPORT**

#### Over-Dimensional and Heavy Vehicle Restrictions

- 1. The Applicant must ensure that the:
  - (a) development does not generate more than:
    - 84 heavy vehicle movements a day during construction, upgrading and decommissioning;
    - 30 over-dimensional vehicle movements during construction, upgrading and decommissioning;
       and
    - 5 heavy vehicle movements a day during operations;

on the public road network;

(b) length of any vehicles (excluding over-dimensional vehicles) used for the development does not exceed 26 metres,

unless the Secretary agrees otherwise.

2. The Applicant must keep accurate records of the number of over-dimensional and heavy vehicles entering or leaving the site each day for the duration of the project.

#### **Access Route**

3. All vehicles associated with the development must travel to and from the site via the New England Highway, Barleyfields Road, Big Ridge Road and the two site access points off Big Ridge Road, as identified in the figure in Appendix 4.

Note: The Applicant is required to obtain relevant permits under the Heavy Vehicle National Law (NSW) for the use of over-dimensional vehicles on the road network.

#### **Road Upgrades and Site Access**

Prior to commencing construction, the Applicant must implement the road upgrades identified in Appendix
 These upgrades must be carried out to the satisfaction of the relevant roads authority, unless the
 Secretary agrees otherwise.

#### **Operating Conditions**

- The Applicant must ensure:
  - (a) the internal roads are constructed as all-weather roads;
  - (b) there is sufficient parking on site for all vehicles, and no parking occurs on the public road network in the vicinity of the site:
  - (c) the capacity of the existing roadside drainage network is not reduced;
  - (d) all vehicles are loaded and unloaded on site, and enter and leave the site in a forward direction;
  - development-related vehicles leaving the site are in a clean condition to minimise dirt being tracked onto the sealed public road network; and
  - (f) segments 4 and 5 of Big Ridge Road, identified in the figure in Appendix 4, are maintained to the standard identified in Appendix 4 at the cost of the Applicant for the life of the development, unless the Secretary agrees otherwise.

#### **Traffic Management Plan**

- 6. Prior to commencing the development, the Applicant must prepare a Traffic Management Plan for the development in consultation with TfNSW and Council, and to the satisfaction of the Secretary. This plan must include:
  - (a) details of the transport route to be used for all development-related traffic;
  - (b) a protocol for undertaking independent dilapidation surveys to assess the:
    - existing condition of Barleyfields Road and Big Ridge Road on the access route, prior to construction, upgrading or decommissioning activities; and
    - condition of Barleyfields Road and Big Ridge Road on the access route, following construction, upgrading or decommissioning activities;

9

- a protocol for the repair of Barleyfields Road and Big Ridge Road on the access route, if dilapidation surveys identify these roads to be damaged during construction, upgrading or decommissioning works;
- (d) details of the road works required by condition 4 of Schedule 3 to this consent;

- (e) a protocol for the maintenance of segments 4 and 5 of Big Ridge Road required by condition 5(f) of Schedule 3 to this consent:
- (f) details of the measures that would be implemented to minimise traffic impacts during construction, upgrading or decommissioning works, including:
  - temporary traffic controls, including detours and signage;
  - notifying the local community about project-related traffic impacts;
  - procedures for receiving and addressing complaints from the community about developmentrelated traffic:
  - minimising potential for conflict with school buses, other motorists, road users and rail services as far as practicable;
  - implement measures to minimise dirt tracked onto the public road network from developmentrelated traffic;
  - details of the employee shuttle bus service and measures to encourage employee use of this service;
  - scheduling of haulage vehicle movements to minimise convoy length or platoons;
  - responding to local climate conditions that may affect road safety such as fog, dust, wet weather and flooding;
  - responding to any emergency repair or maintenance requirements; and
  - a traffic management system for managing over-dimensional vehicles;
- (g) a driver's code of conduct that addresses:
  - travelling speeds;
  - driver fatigue;
  - procedures to ensure that drivers adhere to the designated transport routes; and
  - procedures to ensure that drivers implement safe driving practices, including consideration of other road users; and
- (h) a program to ensure drivers working on the development receive suitable training on the code of conduct and any other relevant obligations under the Traffic Management Plan.

Following the Secretary's approval, the Applicant must implement the Traffic Management Plan.

#### **LANDSCAPING**

7. Within 3 years of commencement of construction, the owner of N1 may request in writing that the Applicant to plant a vegetation screen to minimise the visual impacts of the northern array on the N1 property.

Upon receiving such a written request from the owner of N1, the Applicant must implement reasonable and feasible landscape screening in consultation with the owner making the request.

The vegetation screen must:

- (a) be wholly contained within the site;
- (b) consist of native species that facilitate the screening of the view of the solar panels and ancillary infrastructure from within the N1 property;
- be implemented within 12 months of receiving the written request, unless the Secretary agrees otherwise; and
- (d) be properly maintained with appropriate weed management.

If the Applicant and owner of N1 cannot agree on the measures to be implemented, or there is a dispute about the implementation of these measures, then either party may refer the matter to the Secretary for resolution.

### LAND MANAGEMENT

- 8. Following any construction or upgrading on the site, the Applicant must:
  - (a) restore the ground cover of the site as soon as practicable;
  - (b) maintain the ground cover with appropriate perennial species; and
  - (c) manage weeds within this ground cover; and
  - (d) manage feral pest species.

#### **BIODIVERSITY**

#### **Vegetation Clearance**

9. The Applicant must not clear any native vegetation or fauna habitat located outside the approved disturbance footprint described in the EIS.

#### **Biodiversity Offsets**

10. Prior to commencing the development under this consent, the Applicant must retire biodiversity credits of a number and class specified in Table 1 and Table 2 below, to the satisfaction of BCD, unless the Secretary agrees otherwise.

The retirement of these credits must be carried out in accordance with the NSW Biodiversity Offsets Scheme and can be achieved by:

- (a) acquiring or retiring 'biodiversity credits' within the meaning of the Biodiversity Conservation Act 2016;
- (b) making payments into an offset fund that has been developed by the NSW Government; or
- (c) funding a biodiversity conservation action that benefits the entity impacted and is listed in the ancillary rules of the biodiversity offset scheme.

Table 1: Ecosystem Credit Requirements

Vegetation Community	PCT ID	Credits Required
Blakely's Red Gum – Yellow Box grassy woodland of the New England Tableland Bioregion	510	107
Silvertop Stringybark open forest of the New England Tableland Bioregion	1174	78
Broad-leaved Stringybark - Yellow Box shrub/grass open forest of the New England Tableland Bioregion	567	18

Table 2: Species Credit Requirements

Vegetation Community	Credits Required
Bluegrass (Dichanthium setosum)	44
Hawkweed (Picris evae)	43
Austral Toadflax (Thesium australe)	33
Pale-headed Snake (Hoplocephalus bitorquatus)	39
Glossy Black-Cockatoo (Calyptorhynchus lathami)	30
Squirrel Glider (Petaurus norfolcensis)	39
Koala (Phascolarctos cinereus)	39
Barking Owl (Ninox connivens)	5

10A. Prior to carrying out works associated with Modification 2 that could directly or indirectly impact the biodiversity values requiring offset, the applicant must retire biodiversity credits of a number and class specified in Table 3 below, unless the Planning Secretary agrees otherwise.

The retirement of credits must be carried out in accordance with the *NSW Biodiversity Offsets Scheme* and can be achieved by:

- (a) acquiring or retiring 'biodiversity credits' within the meaning of the *Biodiversity Conservation Act* 2016;
- (b) making payments into an offset fund that has been developed by the NSW Government; or
- (c) funding a biodiversity conservation action that benefits the entity impacted and is listed in the ancillary rules of the biodiversity offset scheme.

Table 3: Ecosystem Credit Requirements for Modification 2

Vegetation Community	PCT ID	Credits Required
Blakely's Red Gum – Yellow Box grassy woodland of the New England Tableland Bioregion	510	7

#### **Biodiversity Management Plan**

- 11. Prior to commencing the development, the Applicant must prepare a Biodiversity Management Plan for the development in consultation with BCD, and to the satisfaction of the Secretary. This plan must:
  - (a) include a description of the measures that would be implemented for:
    - protecting vegetation and fauna habitat outside the approved disturbance areas;
    - managing the remnant vegetation and fauna habitat on site;

- minimising clearing and avoiding unnecessary disturbance of vegetation that is associated with the construction and operation of the development;
- minimising the impacts to fauna on site and implementing fauna management protocols;
- avoiding the removal of hollow-bearing trees during spring to avoid the main breeding period for hollow-dependent fauna;
- rehabilitating and revegetating temporary disturbance areas with species that are endemic to the area:
- maximising the salvage of vegetative and soil resources within the approved disturbance area for beneficial reuse in the enhancement or the rehabilitation of the site; and
- · controlling weeds and feral pests; and
- (b) include details of who would be responsible for monitoring, reviewing and implementing the plan, and timeframes for completion of actions.

Following the Secretary's approval, the Applicant must implement the Biodiversity Management Plan.

Note: If the biodiversity credits are retired via a Biodiversity Stewardship Agreement, then the Biodiversity Management Plan does not need to include any of the matters that are covered under the Biodiversity Stewardship Agreement.

#### **AMENITY**

#### **Construction, Upgrading and Decommissioning Hours**

- 12. Unless the Secretary agrees otherwise, the Applicant may only undertake construction, upgrading or decommissioning activities on site between:
  - (a) 7 am to 6 pm Monday to Friday;
  - (b) 8 am to 1 pm Saturdays; and
  - (c) at no time on Sundays and NSW public holidays.

The following construction, upgrading or decommissioning activities may be undertaken outside these hours without the approval of the Secretary:

- the delivery of materials as requested by the NSW Police Force or other authorities for safety reasons;
   or
- emergency work to avoid the loss of life, property and/or material harm to the environment.

#### Noise

13. The Applicant must minimise the noise generated by any construction, upgrading or decommissioning activities on site in accordance with the best practice requirements outlined in the *Interim Construction Noise Guideline* (DECC, 2009), or its latest version.

#### Dust

14. The Applicant must ensure all operations and activities occurring at the Project site are carried out in a manner that minimises dust including the emission of wind-blown or traffic generated dust.

#### Visual

- 15. The Applicant must:
  - (a) minimise the off-site visual impacts of the development, including the potential for any glare or reflection;
  - (b) ensure the visual appearance of all ancillary infrastructure (including paint colours) blends in with the surrounding landscape, where reasonable and feasible; and
  - (c) not mount any advertising signs or logos on site, except where this is required for identification or safety purposes.

#### Lighting

- 16. The Applicant must:
  - (a) minimise the off-site lighting impacts of the development; and
  - (b) ensure that any external lighting associated with the development:
    - is installed as low intensity lighting (except where required for safety or emergency purposes);
    - · does not shine above the horizontal; and
    - complies with Australian/New Zealand Standard AS/NZS 4282:2019 Control of Obtrusive Effects of Outdoor Lighting, or its latest version.

#### **HERITAGE**

17. Prior to the commencing the development, the Applicant must undertake consultation with Aboriginal stakeholders, in accordance with the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (DECCW, 2010), or its latest version.

#### **Protection of Heritage Items**

18. The Applicant must ensure the development does not cause any direct or indirect impacts on the Aboriginal heritage items identified in Table 1 of Appendix 5 or the historic heritage items identified in Table 1 of Appendix 6, or any Aboriginal or historic heritage items located outside the approved development footprint.

Prior to carrying out any development that could directly or indirectly impact the heritage items identified in Table 2 of Appendix 5, the Applicant must salvage and relocate the item/s that would be impacted to a suitable alternative location, in accordance with the *Code of Practice for Archaeological Investigation of Aboriginal Objects in NSW* (DECCW, 2010), or its latest version.

Note: The location of the Aboriginal heritage and historic heritage items referred to in this condition are shown in the figures in Appendix 5 and Appendix 6, respectively.

#### Heritage Management Plan

- 19. Prior to commencing the development, the Applicant must prepare a Heritage Management Plan for the development to the satisfaction of the Secretary. This plan must:
  - (a) be prepared by suitably qualified and experienced persons whose appointment has been endorsed by the Secretary:
  - (b) be prepared in consultation with Heritage NSW, Aboriginal Stakeholders and Council;
  - (c) include a description of the measures that would be implemented for:
    - protecting the Aboriginal heritage items identified in Table 1 of Appendix 5 or items located outside the approved development footprint, including fencing off Aboriginal heritage items prior to commencing construction and providing ongoing access and management opportunities for Aboriginal people to NE09 and NE68;
    - salvaging and relocating the Aboriginal heritage items located within the approved development footprint, as identified in Table 2 of Appendix 5;
    - protecting the historic heritage items identified in Table 1 of Appendix 6 or items located outside the approved development footprint;
    - managing the impact of the development on the historic heritage items identified in Table 2 of Appendix 6, including photographic archival records prepared in accordance with Heritage Council of NSW Guidelines for archival recordings;
    - a contingency plan and reporting procedure if:
      - previously unidentified heritage items are found; or
      - Aboriginal skeletal material is discovered;
    - ensuring workers on site receive suitable heritage inductions prior to carrying out any development on site, and that records are kept of these inductions; and
    - ongoing consultation with Aboriginal stakeholders during the implementation of the plan;
  - (d) include a program to monitor and report on the effectiveness of these measures and any heritage impacts of the project.

Following the Secretary's approval, the Applicant must implement the Heritage Management Plan.

#### **SOIL AND WATER**

#### **Water Supply**

20. Prior to the commencement of the development the Applicant must demonstrate to the satisfaction of the Secretary that the Applicant has sufficient water for all stages of the development, and if necessary, adjust the scale of the development to match its available water supply.

Note: Under the Water Act 1912 and/or the Water Management Act 2000, the Applicant is required to obtain the necessary water licences for the development.

#### Water Pollution

 The Applicant must ensure that the development does not cause any water pollution, as defined under Section 120 of the POEO Act.

#### **Operating Conditions**

- 22. The Applicant must:
  - (a) minimise the siting of solar panels and ancillary infrastructure (including security fencing) within watercourses within the approved development footprint;
  - (b) ensure the solar panels and ancillary infrastructure (including security fencing) are designed, constructed and maintained to reduce impacts on surface water, flooding and groundwater at the site:
  - (c) minimise any soil erosion associated with the construction, upgrading or decommissioning of the development in accordance with the relevant requirements in the *Managing Urban Stormwater:* Soils and Construction (Landcom, 2004) manual, or its latest version;
  - (d) ensure the solar panels and ancillary infrastructure are designed, constructed and maintained to avoid causing any erosion on site; and
  - (e) ensure all works are undertaken in accordance with the following, unless otherwise agreed by DPIE Water:
    - Guidelines for Controlled Activities on Waterfront Land (NRAR, 2018), or its latest version; and
    - Why Do Fish Need to Cross the Road? Fish Passage Requirements for Waterway Crossings (2004), or its latest version.

#### **HAZARDS**

#### **Fire Safety Study**

- 23. Prior to commencing construction of the battery storage facility, unless the Secretary agrees otherwise, the Applicant must prepare a Fire Safety Study for the development, in consultation with FRNSW and RFS and to the satisfaction of FRNSW and the Secretary. The study must:
  - (a) be consistent with the:
    - Department's Hazardous Industry Planning Advisory Paper No. 2 'Fire Safety Study' guideline; and
    - NSW Government's Best Practice Guidelines for Contaminated Water Retention and Treatment Systems;
  - (b) describe the final design of the battery storage facility;
  - (c) for the option of a purpose-built Battery Storage building, report the controls adopted and demonstrate consistency with the hazard controls described in the Preliminary Hazard Analysis (Sherpa, 21 August 2022) and New England Solar and Battery Project Submissions Report dated 18 January 2023
  - include reasonable worst-case bush fire scenario to and from the battery storage and the associated bush fire management; and
  - (e) identify measures to eliminate the expansion of any fire incident including:
    - adequate fire safety systems and appropriate water supply;
    - separation and / or compartmentalisation of battery units; and
    - strategies and incident control measures specific to the battery storage design.

Following the Secretary's approval, the Applicant must implement the measures described in the Fire Safety Study.

*Note:* 'to the satisfaction of FRNSW' above means confirmation in writing from FRNSW that the study meets the requirements of FRNSW as required by the Department's Hazardous Industry Planning Advisory Paper No 2 'Fire Safety Study' guideline.

#### Storage and Handling of Dangerous Goods

- 24. The Applicant must store and handle all chemicals, fuels and oils used on-site in accordance with:
  - (a) the requirements of all relevant Australian Standards; and
  - (b) the NSW EPA's Storing and Handling of Liquids: Environmental Protection Participants Handbook if the chemicals are liquids.

In the event of an inconsistency between the requirements listed from (a) to (b) above, the most stringent requirement must prevail to the extent of the inconsistency.

24A. For the option of the purpose-built Battery Storage building, the quantities of dangerous goods stored and handled at the Battery Storage site must be below the threshold quantities listed in the Department's Hazardous and Offensive Development Application Guidelines – Applying SEPP33 at all times

#### **Operating Conditions**

- 25. The Applicant must:
  - (a) minimise the fire risks of the development, including managing vegetation fuel loads on-site;
  - (b) ensure that the development:
    - includes at least a 10 metre defendable space around the perimeter of the solar array area and battery storage facility that permits unobstructed vehicle access;
    - manages the defendable space and solar array areas as an Asset Protection Zone;
    - complies with the relevant asset protection requirements in the RFS's Planning for Bushfire Protection 2019 (or equivalent) and Standards for Asset Protection Zones;
    - is suitably equipped to respond to any fires on site including provision of a 20,000 litre water supply tank fitted with a 65mm Storz fitting and a FRNSW compatible suction connection located adjacent to the internal access road;
  - (c) assist the RFS and emergency services as much as practicable if there is a fire in the vicinity of the site; and
  - (d) notify the relevant local emergency management committee following construction of the development, and prior to commencing operations.

#### **Emergency Plan**

- 26. Prior to commissioning operations, the Applicant must develop and implement a comprehensive Emergency Plan and detailed emergency procedures for the development, to the satisfaction of FRNSW and the RFS. The Applicant must keep two copies of the plan on-site in a prominent position adjacent to the site entry points at all times. The plan must:
  - (a) be consistent with the Department's Hazardous Industry Planning Advisory Paper No. 1, 'Emergency Planning';
  - (b) identify the fire risks and controls of the development; and
  - (c) include procedures that would be implemented if there is a fire on-site or in the vicinity of the site.
  - (d) include bushfire emergency management planning, including:
    - details of the location, management and maintenance of the Asset Protection Zone;
    - a list of works that should not be carried out during a total fire ban
    - details of how RFS would be notified, and procedures that would be implemented, in the event that:
      - there is a fire on-site or in the vicinity of the site;
      - there are any activities on site that would have the potential to ignite surrounding vegetation; or
      - there are any proposed activities to be carried out during a bushfire danger period; and
    - include an Emergency Services Information Package in accordance with Emergency services information and tactical fire plan (FRNSW, 2019), to the satisfaction of FRNSW and RFS; and
  - (e) prior to commencing construction of the Battery Storage:
    - be updated in accordance with the findings of the Fire Safety Study required under Condition 23 of Schedule 3; and
    - include details of how the Battery Storage can be safely isolated in an emergency.

Following approval, the Applicant must implement the Emergency Plan for the duration of the development and following commencement of operations of the battery storage, keep a copy of the Emergency Services Information Package on-site in a prominent position adjacent to the site entry points at all times.

#### WASTE

- 27. The Applicant must:
  - (a) minimise and manage the waste generated by the development in accordance with the EPA's waste hierarchy objectives of avoidance, resource recovery and then disposal;
  - (b) classify all waste generated on site in accordance with the EPA's Waste Classification Guidelines 2014 (or its latest version):
  - (c) store and handle all waste on site in accordance with its classification;
  - (d) not receive or dispose of any waste on site; and
  - (e) remove all waste from the site as soon as practicable, and ensure it is sent to an appropriately licensed waste facility for disposal.

#### **ACCOMMODATION AND EMPLOYMENT STRATEGY**

- 28. Prior to commencing construction, the Applicant must prepare an Accommodation and Employment Strategy for the development in consultation with Council, and to the satisfaction of the Secretary. This strategy must:
  - (a) propose a strategy to ensure there is sufficient accommodation for the workforce associated with the development:
  - (b) consider the cumulative impacts associated with other State significant development projects in the area;
  - investigate options for prioritising the employment of local workers for the construction and operation of the development, where feasible;
  - (d) include a program to monitor and review the effectiveness of the strategy over the life of the development, including regular monitoring and review during construction.

Following the Secretary's approval, the Applicant must implement the Accommodation and Employment Strategy.

#### **DECOMMISSIONING AND REHABILITATION**

29. Within 18 months of the cessation of operations, unless the Secretary agrees otherwise, the Applicant must rehabilitate the site to the satisfaction of the Secretary. This rehabilitation must comply with the objectives in Table 3.

Table 3: Rehabilitation Objectives

Table 6. Netrabilitation Objectives		
Feature	Objective	
Site	<ul> <li>Safe, stable and non-polluting</li> <li>Minimise the visual impact of any above ground ancillary infrastructure agreed to be retained for an alternative use</li> </ul>	
Solar farm infrastructure	To be decommissioned and removed, unless the Secretary agrees otherwise	
Land use	<ul> <li>Restore land capability to pre-existing use (at least Class 3 Land Capability for areas of mapped Biophysical Strategic Agricultural Land)</li> </ul>	
Community	Ensure public safety at all times	

- 30. Within 3 years of commencement of operation, the Applicant must prepare a Decommissioning & Rehabilitation Plan for the development which shall be reviewed by the Applicant prior to the cessation of operations, to the satisfaction of the Secretary. The plan must:
  - (a) include detailed completion criteria for evaluating compliance with the rehabilitation objectives in Table 3 above:
  - (b) describe the measures that would be implemented to:
    - decommission the development and rehabilitate the site in accordance with the objectives in Table 3:
    - minimise and manage the waste generated by the decommissioning of the development in accordance with the obligations in condition 27 above; and
  - (c) include a program to monitor and report on the implementation of these measures against the detailed completion criteria.

The Applicant must decommission and rehabilitate the site in accordance with the approved Decommissioning & Rehabilitation Plan.

# SCHEDULE 4 ENVIRONMENTAL MANAGEMENT AND REPORTING

#### **ENVIRONMENTAL MANAGEMENT**

#### **Environmental Management Strategy**

- 1. Prior to commencing the development, the Applicant must prepare an Environmental Management Strategy for the development to the satisfaction of the Secretary. This strategy must:
  - (a) provide the strategic framework for environmental management of the development;
  - (b) identify the statutory approvals that apply to the development;
  - (c) describe the role, responsibility, authority and accountability of all key personnel involved in the environmental management of the development;
  - (d) describe the procedures that would be implemented to:
    - keep the local community and relevant agencies informed about the operation and environmental performance of the development;
    - · receive, handle, respond to, and record complaints;
    - · resolve any disputes that may arise;
    - · respond to any non-compliance;
    - · respond to emergencies; and
  - (e) include:
    - references to any plans approved under the conditions of this consent; and
    - · a clear plan depicting all the monitoring to be carried out in relation to the development.

Following the Secretary's approval, the Applicant must implement the Environmental Management Strategy.

#### Revision of Strategies, Plans and Programs

- The Applicant must:
  - (a) update the strategies, plans or programs required under this consent to the satisfaction of the Secretary prior to carrying out any upgrading or decommissioning activities on site; and
  - (b) review and, if necessary, revise the strategies, plans or programs required under this consent to the satisfaction of the Secretary within 1 month of the:
    - submission of an incident report under condition 7 of Schedule 4;
    - submission of an audit report under condition 9 of Schedule 4; and
  - (c) review and, if necessary, revise the strategies, plans or programs required under this consent to the satisfaction of the Secretary prior to carrying out works associated with any modification to the conditions of this consent.

#### Updating and Staging of Strategies, Plans or Programs

3. With the approval of the Secretary, the Applicant may submit any strategy, plan or program required by this consent on a progressive basis.

To ensure the strategies, plans or programs under the conditions of this consent are updated on a regular basis, the Applicant may at any time submit revised strategies, plans or programs to the Secretary for approval.

With the agreement of the Secretary, the Applicant may prepare any revised strategy, plan or program without undertaking consultation with all the parties referred to under the relevant condition of this consent.

#### Notes:

- While any strategy, plan or program may be submitted on a progressive basis, the Applicant must ensure that all development being carried out on site is covered by suitable strategies, plans or programs at all times.
- If the submission of any strategy, plan or program is to be staged, then the relevant strategy, plan or program must clearly describe the specific stage to which the strategy, plan or program applies, the relationship of this stage to any future stages, and the trigger for updating the strategy, plan or program.

#### **NOTIFICATIONS**

#### **Notification of Department**

4. Prior to commencing the construction, operations, upgrading or decommissioning of the development or the cessation of operations, the Applicant must notify the Secretary in writing via the Major Projects website portal of the date of commencement, or cessation, of the relevant phase.

If any of these phases of the development are to be staged, then the Applicant must notify the Secretary in writing prior to commencing the relevant stage, and clearly identify the development that would be carried out during the relevant stage.

#### Final Layout Plans

5. Prior to commencing construction, the Applicant must submit detailed plans of the final layout of the development to the Secretary, including details on the siting of solar panels and ancillary infrastructure, via the Major Projects website.

#### Work as Executed Plans

6. Prior to commencing operations, or following the upgrades of any solar panels or ancillary infrastructure, the Applicant must submit work as executed plans of the development to the Secretary, via the Major Projects website.

#### COMPLIANCE

#### **Incident Notification**

7. The Planning Secretary must be notified in writing via the Major Projects website portal immediately after the Applicant becomes aware of an incident. The notification must identify the development (including the development application number and the name of the development if it has one), and set out the location and nature of the incident. Subsequent notification requirements must be given, and reports submitted in accordance with the requirements set out in Appendix 5.

#### **Non-Compliance Notification**

- 8. The Planning Secretary must be notified in writing via the Major Projects website portal within 7 days after the Applicant becomes aware of any non-compliance.
- 9. A non-compliance notification must identify the development and the application number for it, set out the condition of consent that the development is non-compliant with, the way in which it does not comply and the reasons for the non-compliance (if known) and what actions have been done, or will be, undertaken to address the non-compliance.
- A non-compliance which has been notified as an incident does not need to also be notified as a noncompliance.

#### INDEPENDENT ENVIRONMENTAL AUDIT

- 11. Independent Audits of the development must be conducted and carried out in accordance with the Independent Audit Post Approval Requirements (2020) to the following frequency:
  - (a) within 3 months of commencing construction; and
  - (b) within 3 months of commencement of operations.
- 11A. Proposed independent auditors be agreed to in writing by the Planning Secretary prior to the commencement of an Independent Audit.
- 11B. The Planning Secretary may require the initial and subsequent Independent Audits to be undertaken at different times to those specified in condition 9 of Schedule 4 upon giving at least 4 weeks' notice to the Applicant of the date upon which the audit must be commenced.
- 11C. In accordance with the specific requirements of the *Independent Audit Post Approval Requirements* (2020), the Applicant must:
  - a. review and respond to each Independent Audit Report prepared under condition 7 of Schedule 4 of the consent, or condition 9B of Schedule where notice is given by the Planning Secretary;
    - b. submit the response to the Planning Secretary; and
    - c. make each Independent Audit Report, and response to it, publicly available within 60 days of submission to the Planning Secretary unless otherwise agreed by the Planning Secretary.
- 11D. Independent Audit Reports and the Applicant's response to audit findings must be submitted to the Planning Secretary within 2 months of undertaking the independent audit and site inspection as outlined in

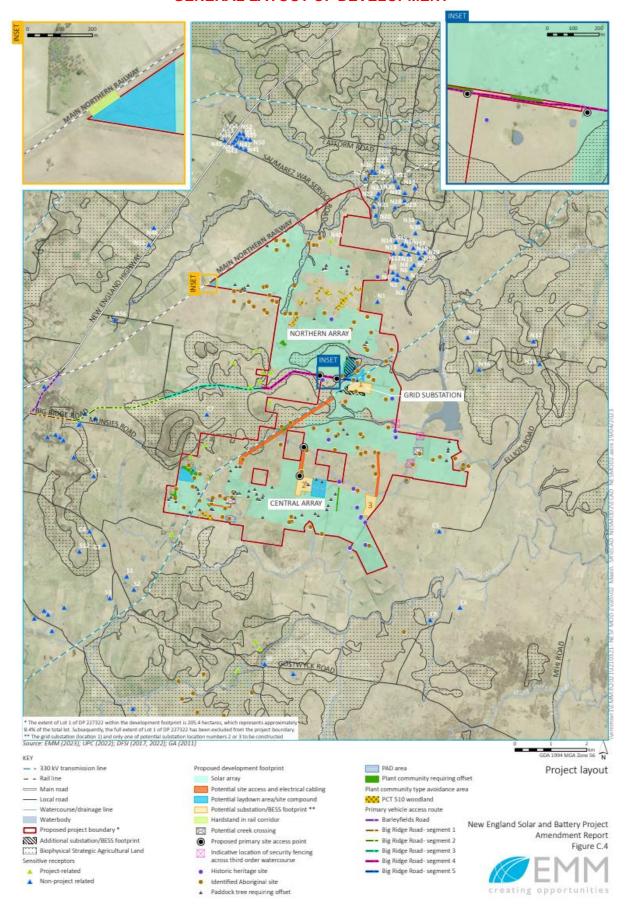

the *Independent Audit Post Approvals Requirements* (2020) unless otherwise agreed by the Planning Secretary.

11E. Notwithstanding the requirements of the *Independent Audit Post Approval Requirements* (2020), the Planning Secretary may approve a request or ongoing independent operational audits to be ceased, where it has been demonstrated to the Planning Secretary's satisfaction that independent operational audits have demonstrated operational compliance.

#### **ACCESS TO INFORMATION**

- 12. The Applicant must:
  - (a) make the following information publicly available on its website as relevant to the stage of the development:
    - the EIS:
    - the final layout plans for the development (Schedule 4, Condition 5);
    - · current statutory approvals for the development;
    - approved strategies, plans or programs required under the conditions of this consent;
    - the proposed staging plans for the development if the construction, operation or decommissioning of the development is to be staged;
    - how complaints about the development can be made;
    - a complaints register;
    - compliance reports;
    - any independent environmental audit, and the Applicant's response to the recommendations in any audit; and
    - any other matter required by the Secretary; and
  - (b) keep this information up to date.

# APPENDIX 1 GENERAL LAYOUT OF DEVELOPMENT

## APPENDIX 2 SCHEDULE OF LAND

2         DP667937         4         DP172594           82         DP755814         B         DP172594           183         DP755827         78         DP755814           154         DP755827         84         DP755814           79         DP755814         80         DP755814           202         DP755814         80         DP755827           108         DP755827         181         DP755827           108         DP755827         182         DP755827           108         DP755827         97         DP755827           103         DP755827         2         DP127777           101         DP755827         3         DP755827           102         DP755827         3         DP755827           90         DP755827         3         DP755827           113         DP755827         3         DP755827           114         DP755827         1         DP405515           1111         DP755827         3         DP755827           110         DP755827         296         DP755827           93         DP755827         296         DP755827           93         <	Lot	Deposited Plan (DP)	Lot	Deposited Plan (DP)

#### Notes:

- The project site will also be taken to include any crown land and road reserves contained within the project site
- The extent of Lot 1 of DP 227322 within the development footprint is 205.4 hectares, which represents approximately 8.4% of the total lot. Subsequently, the full extent of Lot 1 of DP 227322 has been excluded from the project boundary

# APPENDIX 3 SUBDIVISION PLAN

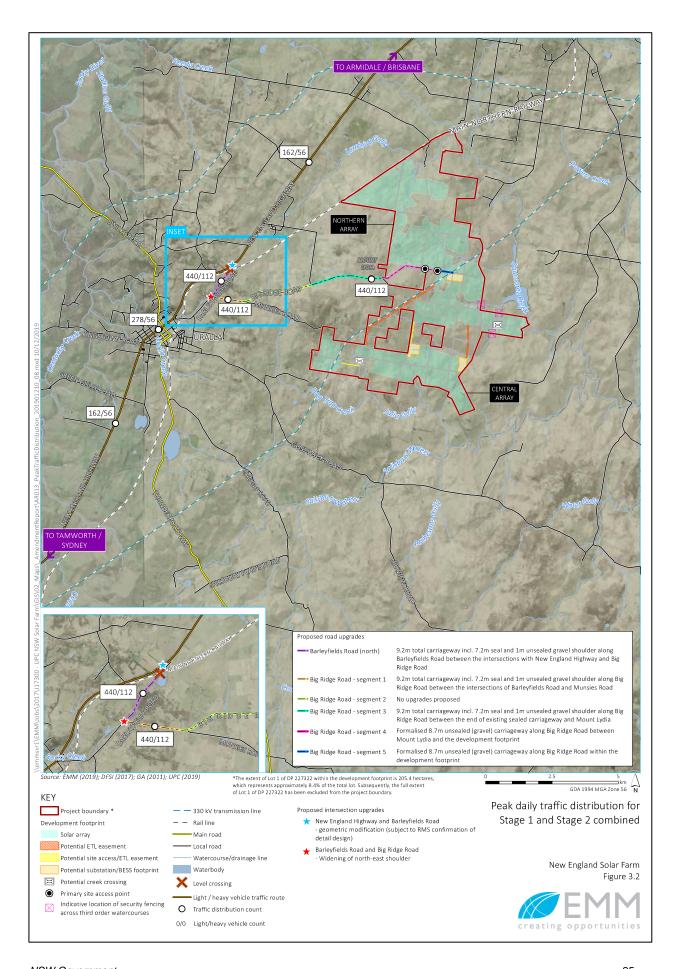

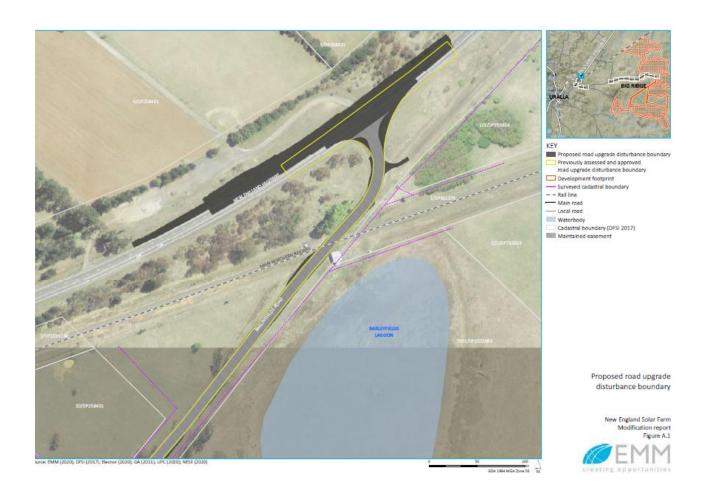

# APPENDIX 4 ROAD UPGRADES AND SITE ACCESS

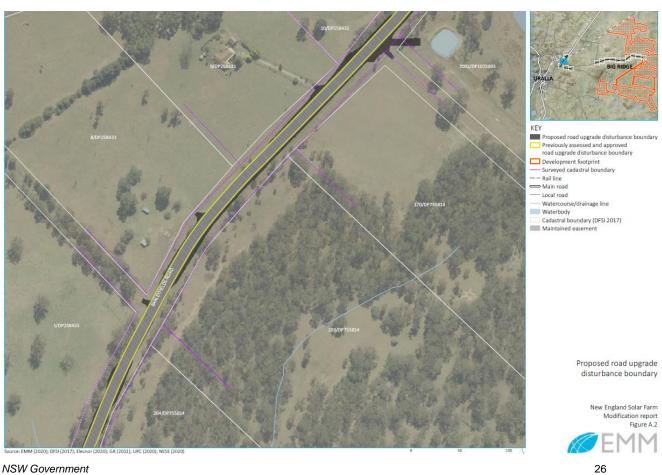

Road	Location <sup>1</sup>	Upgrade Requirements	Timing
New England Highway and Barleyfields Road (north)	Intersection	Channelised Right Turn (CHR) treatment for the largest vehicle assessing the site (excluding over-dimensional vehicles) <sup>2</sup>	
Barleyfields Road	Between New England Highway and Big Ridge Road	Seal to a width of 7.2 m with 1 m unsealed shoulders (total carriageway 9.2 m) <sup>2</sup>	
Barleyfields Road and Big Ridge Road	Intersection	Basic Left Turn (BAL) treatment to cater for the largest vehicle accessing the site (excluding over-dimensional vehicles) <sup>2</sup>	Prior to
	Segment 1	Seal to a width of 7.2 m with 1 m unsealed	construction
	Segment 3	shoulders (total carriageway of 9.2 m) <sup>2</sup>	
Big Ridge Road	Segment 4	Gravel (unsealed) carriageway to a width	7
	Segment 5	of 8.7 m	
	Site access points	Rural Property Access Type <sup>2</sup>	

<sup>&</sup>lt;sup>1</sup> Refer to the figure in Appendix 4 for the location and further details of the road upgrades.

<sup>&</sup>lt;sup>2</sup> Upgrades must comply with the Austroads Guide to Road Design (as amended by RMS supplements).

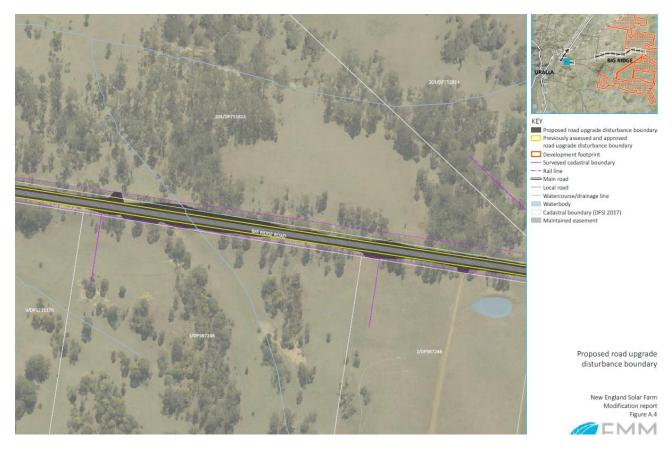

Planning and Environment

HNE20	Old Gostwyck Road *		

<sup>\*</sup> Only sections of the road within the development footprint are to be impacted.

# APPENDIX 7 INCIDENT NOTIFICATION AND REPORTING REQUIREMENTS

#### WRITTEN INCIDENT NOTIFICATION REQUIREMENTS

- A written incident notification addressing the requirements set out below must be submitted to the Planning Secretary via the Major Projects website within seven days after the Applicant becomes aware of an incident. Notification is required to be given under this condition even if the Applicant fails to give the notification required under condition 7 of Schedule 4 or, having given such notification, subsequently forms the view that an incident has not occurred.
- 2. Written notification of an incident must:
  - a. identify the development and application number;
  - b. provide details of the incident (date, time, location, a brief description of what occurred and why it is classified as an incident);
  - c. identify how the incident was detected;
  - d. identify when the applicant became aware of the incident;
  - e. identify any actual or potential non-compliance with conditions of consent;
  - f. describe what immediate steps were taken in relation to the incident;
  - g. identify further action(s) that will be taken in relation to the incident; and
  - h. identify a project contact for further communication regarding the incident.
- 3. Within 30 days of the date on which the incident occurred or as otherwise agreed to by the Planning Secretary, the Applicant must provide the Planning Secretary and any relevant public authorities (as determined by the Planning Secretary) with a detailed report on the incident addressing all requirements below, and such further reports as may be requested.
- 4. The Incident Report must include:
  - a. a summary of the incident;
  - b. outcomes of an incident investigation, including identification of the cause of the incident;
  - c. details of the corrective and preventative actions that have been, or will be, implemented to address the incident and prevent recurrence; and
  - d. details of any communication with other stakeholders regarding the incident.
