Importance: High

Hi Tim and David,

Please find attached the updated Heritage Interpretation Plan for the Martin Place Metro integrated station development for your review. The issue of the HIP to HNSW is to satisfy conditions of consent A27 and A28 (SSD 9270 and SSD 9326).

The attached Heritage Interpretation Plan has been updated since the team's presentation to HNSW on 20 August 2020, incorporating feedback from TfNSW Metro.

We look forward to your review and feedback in satisfaction of the above conditions of consent.

Please do not hesitate to get in contact with myself or George Phillips should you wish to discuss further.

Kind regards,

Sarah-Jane Zammit
