Dear Mr Cassel

Wentworthville Public School (SSD 9273) : Notice of Disposal of Contaminated Material in accordance with Condition B14

I refer to Wentworthville Public School approved on the 28th June 2019.

In accordance, with condition B14 of the Development Consent, the Department must be notified where material identified as contaminated is to be disposed off site. -

"B14-Prior to the commencement of earthworks, the Applicant must prepare an unexpected contamination procedure to ensure that potentially contaminated material is appropriately managed. The procedure must form part of the of the CEMP in accordance with condition B21 and where any material identified as contaminated is to be disposed off-site, the disposal location and results of testing submitted to the Planning Secretary prior to its removal from the site ."

As per the requirements of condition B14 this letter is to notify the Department that contaminated material will be removed from site on 14th March 2022. Please find enclosed test results for this material and nominated location for disposal .

Yours sincerely
