Dear Mr. Najdi,

**Wentworthville Public School Redevelopment (SSD-9273)  
Request to Approve LTEMP Authors, Condition D28(a)**

I refer to your letter of request, proposing two suitably qualified and experienced persons to prepare a Long Term Environmental Management Plan (LTEMP), submitted to the Planning Secretary for approval in accordance with condition D28(a) of the development consent for the Wentworthville Public School Redevelopment (SSD-9273). I acknowledge and thank you for your response to the Department's review comments, and request for further information.

Your letter nominates the following persons to prepare the LTEMP:

1. Ms. Julie Porter; Principal Environmental Engineer – Contaminated Land Management; and
2. Mr. James Green, Environmental Scientist.

I note that the NSW Environment Protection Authority (EPA) has been consulted regarding the suitability of Ms. Porter and Mr. Green to author the LTEMP. The EPA did not endorse or oppose their appointment, but recommended use of "certified consultants" under one of two recognised certification schemes.

The Department has carefully reviewed the Curriculum Vitae's of Ms. Porter and Mr. Green which accompanied the submission of your letter. The Department is satisfied that these proposed authors are suitably qualified and experienced to prepare the LTEMP for the project.

Accordingly, as nominee of the Planning Secretary, I approve your request to appoint Ms. Porter and Mr. Green as suitably qualified and experienced persons to prepare an LTEMP for the project pursuant to condition D28(a) of the consent, provided that the LTEMP is endorsed by a practitioner who is certified under either of the CEnvP (SC) or CPSS CSAM schemes prior to submission to the Site Auditor for review and endorsement under condition D28(b).

If you have any questions or wish to discuss the matter further, please contact Hala Fua, who can be contacted at [Hala.Fua@planning.nsw.gov.au](mailto:Hala.Fua@planning.nsw.gov.au).

Yours sincerely
