

Mr Will Miles  
Technical Director – Environment  
AECOM  
Level 21, 420 George Street  
Sydney, NSW, 2000

29/07/2020

Dear Mr Miles

**Viva Clyde Western Area Remediation Project (SSD 9302)  
Stage 1 Management Plans**

The Department notes Viva Energy Australia (Viva) proposes to commence remediation of Stage 1 of the Western Area and has submitted plans required by the development consent (SSD 9302) for Stage 1.

The Department has reviewed the following plans submitted by Viva, in consultation with the Environment Protection Authority (EPA).

Condition	Plan	Approval required from:
B1	Detailed Remediation Action Plan	Site Auditor & Planning Secretary
B3	Site Audit Statement	Submit only
B15	Air Emissions Verification Report	Planning Secretary
B17	Air Quality Management Plan	Site Auditor & Planning Secretary
B20	Soil and Water Management Plan	Site Auditor & Planning Secretary
B22	Groundwater Monitoring and Management Plan	Site Auditor & Planning Secretary
B31	Waste Management Plan	Planning Secretary
B33	Traffic Management Plan	Submit only
C2	Remediation Environmental Management Plan	Planning Secretary

The Department notes the Site Auditor has provided Interim Audit Advice confirming the Remediation Action Plan, Remediation Environmental Management Plan, Air Quality Management Plan, Soil and Water Management Plan and Groundwater Monitoring and Management Plan are satisfactory, as required by the conditions of consent.

The Department has carefully reviewed the above plans and is satisfied they meet the requirements of the conditions of consent. The Department notes the EPA will vary the existing Environment Protection Licence to include the Stage 1 remediation works and may impose additional environmental management and monitoring conditions through the EPL.

If you wish to discuss the matter further, please contact Deana Burn on 9274 6453.

Yours sincerely
