

Mr. Chris Ritchie  
Director  
Industry Assessments  
Department of Planning, Industry and Environment (DPIE)

8 September 2020

Dear Chris,

**Clyde Western Area Remediation Project (SSD 9302) – Notification of Commencement**

In accordance with condition A7 of the Development Consent, I am writing to advise the Secretary that remediation works for Stage 1 – Former Process West (the proposed Downer land) will commence on 8 October 2020.

A suite of management plans and other post approval documents required prior to remediation works have been submitted on the Major Projects DPIE NSW Planning Portal. Viva Energy understands that approval of the Air Quality Management Plan, Groundwater Monitoring and Management Plan and Waste Management Plan is required prior to commencing the remediation works and that approval of these plans was provided on 29 July 2020.

Please contact me by email [Erica.Salazar@vivaenergy.com.au](mailto:Erica.Salazar@vivaenergy.com.au) or by phone 02 9897 8046 should you require further information.

Yours sincerely,

Erica Salazar  
NSW HSSE Lead
