

Legend

- Existing pedestrian access
- School entry point
- Path removed
- Future TAFE 'Spine'

This diagram demonstrates the available pedestrian routes through the TAFE and surrounding the site should the delivery of the TAFE spine (orange) be delayed. The path through the TAFE site follows a similar one to that of the proposed spine.

Legend

- Primary school visitor toilets
- ← Secondary school visitor toilets

This diagram demonstrates the solid walls (in red) to the stairs. Open treads to the stairs in this location would not affect flooding due to the solid nature of the walls surrounding them. These stairs are surrounded by open space so should allow water to flow freely around them as demonstrated by the blue arrows.
