Dear Joe,

## **Glendell Continued Operations Project – Updated Figure 4.3 for GCOP RTS Part B**

Reference is made to an error we discovered in Figure 4.3 of the GCOP RTS Part B. In particular, there is reference to an event on 2 September 1826, whereby it was erroneously referred to as taking place 32 miles (20 km) from Alcorn's hut, when it should have been in reverse i.e. 20 miles (32 kilometres). Accordingly, please find annexed to this letter the updated version of Figure 4.3.

Yours sincerely,
