Dear Ms Auld,

**Jordan Springs Public School (SSD 9354)
ESD Evidence of compliance – Condition E14**

I refer to your submission of a statement of compliance in relation to the implementation of the alternative ESD certification process, dated 12 February 2021, required under condition E14 of SSD 9354.

I note that the ESD compliance statement:

- has been reviewed by the Applicant and no issues have been raised;
- has been prepared by an independent ESD Consultant (Cundall) engaged by SINSW; and
- confirms that based on the review of project's ESD performance, the project meets a 4 star Green Star Design & As-Built v1.2 equivalent rating.

I also note that the school was listed on DPIE's agreement letter dated 20 January 2021 allowing utilisation of an alternative ESD certification process under condition B9(b) of SSD 9354.

Accordingly, I acknowledge receipt of the statement of compliance in relation to the implementation of an alternative ESD certification process required under E14 of SSD 9354.

If you have any questions, please contact Shiraz Ahmed at 9274 6534.

Yours sincerely

Jake Shackleton
