**Subject:** Request for Additional Information

Dear Ms Zheng

I refer to Response to Submissions (RTS) for the Moss Vale Plastics Recycling Facility (SSD-9409987). Following its initial review, the department is requesting that you provide additional information:

1. The department notes the Waite Street/Lackey Road haul route is currently not designated as a heavy vehicle route. Please provide robust justification for use of this route and the outcomes of discussions with Council about its use for the development.
2. Both Innes Road and Waite Street are adjacent to schools. Please provide an assessment which considers the impact of trucks on the safety of school students, especially during school pick-up and drop-off times.

You are requested to provide the information or notification that the information will not be provided, to the department by Friday 14 April 2023. If you cannot meet this deadline or do not intend to provide the additional information, please advise the department via the NSW planning portal.

If you have any questions, please contact Sheelagh Laguna on 9274 6574 or via email at [sheelagh.laguna@planning.nsw.gov.au](mailto:sheelagh.laguna@planning.nsw.gov.au).

Yours sincerely,

Sheelagh Laguna
