Dear Mr Parissis,

**Chatswood Education Precinct (SSD 9483)  
Evidence of the Strategy Review (Construction Worker and  
Staff Transportation Strategy), Condition C50**

I refer to your evidence of the strategy review for the Construction Worker and Staff Transportation Strategy (CWSTS) in accordance with condition C50 of SSD 9483.

I note that the evidence:

- has been reviewed by the Applicant and no issues were raised with the Department;
- confirms that the mitigation and management measures implemented are still valid and appropriate for the CWSTS; and
- contains the information as required by condition C50 of the consent.

Accordingly, as a nominee of the Planning Secretary, I approve the evidence of the strategy review for the Construction Worker and Staff Transportation Strategy submitted to the Planning Secretary under condition C50 of SSD 9483.

I remind you that the strategy must be reviewed every three months during the project construction phase to ensure that effective mitigation measures are in place to reduce the impacts on the availability of on-street parking for residents and visitors.

Please note that if there is any inconsistency between the approved document and the conditions of consent, then the requirement of conditions of consent will prevail.

If you have any questions or wish to discuss the matter further, please contact Sidonie Crepeau [sidonie.crepeau@planning.nsw.gov.au](mailto:sidonie.crepeau@planning.nsw.gov.au).

Yours sincerely

**Jake Shackleton**  
**Director – Infrastructure Management**  
As nominee of the Planning Secretary
