Dear Mr. Parisi,

Chatswood Education Precinct (SSD-9483)
Evidence of review - Construction Worker and Staff Transportation, Condition C50

I refer to the evidence of review of the Construction Worker and Staff Transportation Strategy (CWSTS) submitted to the Planning Secretary in accordance with condition C50 of SSD-9483.

I note that the evidence of review of the CWSTS:

- has been reviewed by the Applicant and no issues were raised with the Department; Is based on the street parking surveys conducted in May 2022;
- confirms that the control and management measures implemented by the Applicant are still valid and appropriate for the school's upgrade project; and
- contains the information as required by condition C50 of the consent.

Accordingly, I acknowledge receipt of the evidence of review of the Construction Worker and Staff Transportation Strategy, dated 10 June 2022, in accordance with condition C50 of SSD-9483.

I remind you that the CWSTS must continue to be reviewed, every three months during the project construction phase, to ensure that effective control and management measures are in place to reduce the impacts on the availability of on-street parking for residents and visitors.

Please note that if there is any inconsistency between the submitted document and the conditions of consent, then the requirement of conditions of consent will prevail.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely

Shiraz Ahmed
