Dear Ms Kitchin

**West Wyalong Solar Farm (SSD 9504)
Environmental Management Strategy**

I refer to the Environmental Management Strategy (EMS) submitted to the Department as required under condition 1 of Schedule 4 of SSD 9504 for the Wyalong Solar Farm.

The Department has carefully reviewed the EMS and is satisfied that the strategy generally meets the requirements of the condition.

Accordingly, the Secretary has approved the *West Wyalong Solar Farm Environmental Management Strategy* (Revision 01, dated 9 July 2020).

The Department notes that the EMS will need to be updated:

- after the other management plans required under the consent are approved; and
- to incorporate all the monitoring to be carried out in relation to the development referenced in those plans as required under condition 1(e) of Schedule 4.

Please also ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact May Patterson on 8275 1190 or may.patterson@planning.nsw.gov.au

Yours sincerely
