

Our ref: McPhillamys Gold Project (SSD-9505)

Mr Andrew Wannan
Approvals Manager NSW - Regis Resources Ltd

26/10/2022

Subject: Amendment of Application – Third Amendment

Dear Mr Wannan

I refer to Regis Resources Ltd request to amend the development application and the Amendment Report (third amendment) for the proposed McPhillamys Gold Project (the project), which were submitted on 20 October 2022 in accordance with the *Environmental Planning and Assessment Regulation 2000* (the Regulation).

The Amendment Report (third amendment) has requested the following changes:

- removal of the southern alignment option for the project's water supply pipeline; and
- administrative changes to the schedule of lands.

The Department has considered the information provided and notes that the proposed amendments would not change the main aspects of the development application and Environmental Impact Statement (EIS) that were exhibited in 2019 and further amended in 2020 (first amendment) and 2022 (second amendment), including the proposed mining and processing methods.

Accordingly, as delegate of the Independent Planning Commission, I agree to the third amendment of the development application for the project, as detailed in the Amendment Report dated October 2022 in accordance with clause 55AA of the Regulation.

If you have any questions, please contact Mandana Mazaheri on 02 9995 5093.

Yours sincerely,

Stephen O'Donoghue
