Charissa Pillay

Senior Planning Officer – Post Approval

Energy, Industry and Compliance | Planning and Assessment

Department of Planning, Industry & Environment

GPO Box 32

Sydney NSW 2001

Submitted via the Major Projects Website

Dear Charissa,

Submission of the revised Environmental Management Strategy

Please find attached a clean and tracked copy of the revised Maxwell UG Project – Environmental Management Strategy for your review and approval in accordance with Schedule 2, Condition E1 of the Development Consent for State Significant Development (SSD) 9526.

Malabar sought to modify the SSD 9526 under section 4.55(1A) of the NSW *Environmental Planning and Assessment Act 1979* for a minor extension to the mine entry area and realignment of a small section of the site access road (Modification 1). Modification 1 was approved by the Department on 19 November 2021.

The revised Environmental Management Strategy has been updated to incorporate Modification 1 and also to align with the approved environmental management plans.

Please do not hesitate to contact me on dmclaughlin@malabarresources.com.au or 0467 787 139 if you would like to discuss any aspect of this request.

Yours sincerely,

Donna McLaughlin

Health, Safety, Environment and Community Manager
