

# Jindera Solar Farm

*130 MW Jindera Solar Farm*

## ***Community Feedback Form***

In developing the detailed project and undertaking the environmental assessment of the proposed solar farm, your feedback is important. It will ensure:

- local concerns are understood by the developers and the assessment team;
- all relevant matters that could cause impacts are identified, investigated and mitigation measures developed where required.

The results of the feedback will be compiled and used in the assessment of the project. All contact details will be kept anonymous. Only the geographic information and nominated organisations information will be used in collating the information.

Please hand over your completed form to one of the project team members.

For further information about the project, please contact the project director for Green Switch Australia – Symon Grasby [sg@greenswitchaustralia.com.au](mailto:sg@greenswitchaustralia.com.au) or visit our website [www.jinderasolarfarm.com.au](http://www.jinderasolarfarm.com.au).
