

Subject: Major Projects – SEARs - New Request for Advice - Jindera Solar Farm (SSD-9549) (Greater Hume Shire)

Hi Elisha

Apologies for the delay in our response.

Crown Lands would like to provide the following advice:-

There are Crown public roads within the proposal area, any Crown public road that may be required for access to the proposal area, either during the construction phase or in an ongoing capacity, should either be transferred to Council or the proponent should make application to close and purchase the Crown public road.

Thanks

Kirstyn
