Dear Benjamin,

RE: MERIDEN CENTRE FOR MUSIC AND DRAMA
[Development Consent reference number: SSD 9692]

As Director of Education, I directed the design of the proposed development stated above.

On the organisation's behalf, I confirm that the modifications to the proposed design (namely the retention of the staff common room building in the Senior School and the resultant revision to the landscaped areas) do not diminish or detract from the design quality, or compromise the design intent, of the development for which the development consent was granted.

I confirm that the modifications have been designed to integrate with the approved massing of the building and that these modifications continue to align with the design principles and intent as set-out in the submitted Architect Design Statement.
