Dear Paul,

RE: Development Application SSD 9741 (Proposed Development)

Further to our letter to NSW Planning and Environment dated 20 May 2019, we thank you for your letter dated 21 June 2019 advising that AirTrunk is completely aligned in ensuring Ausgrid has clear access to maintain 132kV network assets including towers and confirming that AirTrunk will work with Ausgrid to provide clear access to easements in favour of Ausgrid on Lot 3, DP217565 and Lot 2, DP546860 through the proposed new AirTrunk data centre at 1 Sirius Road Lane Cove West, Lot 1, DP1151370.

As Ausgrid is already liaising directly with AirTrunk "the Customer" on Ausgrid project SC13631 for the provision of 132kV electricity supply to the proposed development site, we will be pleased to facilitate the required access as described above including establishing Rights of Way and Easements as part of the project facilitation services and have no further concerns regarding our letter dated 20 May 2019.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "John Duck".
