Updated Green Travel Plan, Condition E11

Dear Mr Stott

I refer to the updated Green Travel Plan (GTP) submitted to the Planning Secretary as per Condition E11 of SSD-9809.

I note the updated GTP:

- has been updated to include 2026 travel mode share results, evaluation, identified transport issues and achievement measures;
- was reviewed by the Applicant, and no issues were raised to the Department; and
- contains the information required by Condition D15.

I also note the project GTP was previously approved by the Department on 17 May 2021 under PA-27.

The updated GTP was not submitted to the Department within one month of being updated and therefore a non-compliance has been submitted to the Department under PA-36.

Notwithstanding the above, the Department has filed the updated Green Travel Plan, Rev 2 dated 9 February 2026, in accordance with Condition E11 of SSD-9809.

I remind you that the GTP must be updated annually and implemented, unless otherwise agree by the Planning Secretary, as per Condition E11 of SSD-9809.

You are reminded that if there are any inconsistencies between the updated GTP and the conditions of consent, the conditions will prevail.

Please ensure that you make the updated GTP including the Department letter publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Katherine Klouda at Katherine.klouda@planning.nsw.gov.au.

Yours sincerely
