Dear Dominic

**Re: SSD 9835 Sydney Football Stadium Redevelopment – Condition A55
Revision of Strategies, Plans and Programs**

I refer to SSD 9835 for Sydney Football Stadium Stage 2 (Design, construction and operation), which was approved by the Minister for Planning and Public Spaces on 6 December 2019 and has been modified six (6) times since then.

Condition A55 requires strategies, plans and programs required under the consent to be reviewed within three months of an independent audit undertaken pursuant to Condition A45, or the approval of any modifications to the development consent. The Planning Secretary and the Certifying Authority are required to be notified in writing that the review is being carried out.

Following the completion of Independent Audit #5 on 10 June 2022, John Holland is currently undertaking a review of the approved strategies, plans and programs approved under the conditions of the development consent and subsequent post approval matters.

The review is being completed pursuant to Condition A55(c) of SSD 9835 and is scheduled to take approximately 2 weeks to complete. Once finalised, the Department will be provided with an update, and if necessary, revised/updated plans will be submitted via the DPE portal.

Should you have any questions regarding this letter please contact the undersigned on 0412 775 365.

Yours sincerely

Stephanie Ballango

Director

Consultant to Infrastructure NSW
