SSD 9835 Notification of Occupation – Sydney Football Stadium

We refer to SSD 9835 for Sydney Football Stadium Stage 2 (Design, construction and operation), which was approved by the Minister for Planning and Public Spaces on 6 December 2019, and most recently modified under delegation on to facilitate the construction of the Sydney Roosters Centre of Excellence (SSD 9835 MOD 6).

Condition D1 of the consent states:

D1. At least one month before the occupation of the stadium (including any office or administrative functions within the stadium), the date of occupation / commencement of use of the development must be notified to the Planning Secretary in writing. If the operation / occupation of the development is to be staged, the Planning Secretary must be notified in writing at least one month before the commencement of each stage, of the date of commencement and the development to be carried out in that stage.

We notify the Department of the following:

- From 18 July 2022 – VNSW staff will occupy the building in part (West Mezzanine) as part of operator readiness and systems commissioning
- From 28 August 2022 – Use and occupation including commencement of formal events

The commencement of use and occupation above is being done in consultation with Infrastructure NSW, the main Contractor and the Project Certifier, noting all required due process will be followed.

This is consistent with the recently endorsed Staging Report (Version 4) which identified completion of the Stadium in four (4) stages as follows:

- Sydney Football Stadium and eastern portion of the MP1 Car Park) - July 2022
- Stadium Fitness Facilities - mid August 2022
- Sydney Roosters Centre of Excellence - August 2022
- Western portion of the MP1 Car Park - August 2022

Yours sincerely,

Julie Shires

Group General Manager – Infrastructure Development
