Sydney Football Stadium Redevelopment - Stage 2 (SSD-9835)
Revised Construction Environment Management Plan, Conditions B22-B27

Dear Ms Shires

I refer to the revised Construction Environment Management Plan and supporting Sub-plans, (CEMP package) submitted to the Planning Secretary under condition B23 of SSD-9835. I also acknowledge and thank you for your response to the Department's request for additional information.

I note the revised CEMP package:

- was reviewed by the Applicant and no issues were raised with the Department;
- was submitted to the Certifier for approval as per condition B23(a), who issued the Crown Certificate 1; and
- contains the information as required under conditions B22 to B27 of the consent.

Accordingly, I acknowledge receipt the revised CEMP (and Sub-plans) for the Multi Storey Car Park and Precinct Village, Revision D dated 14 April 2023, for the Departments information under condition B23(b) of SSD-9835.

Please note that B39 Construction Heritage Management Plan, submitted under SSD-9835-PA-160, was not reviewed by the Department as there is no requirements for this plan to be submitted to the Department.

Also, please make the revised documents publicly available on the project website at least 48 hours before the commencement of construction works as per condition A36.

If there are any inconsistencies between the revised CEMP package and the conditions of consent, then the conditions will prevail.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely
