Construction Traffic and Pedestrian Management Plan, Conditions B31 to B34

Construction Worker Transport Strategy, Condition B35

Truck Routes for Construction Waste Transport, Condition B38

Dear Ms O'Neil

I refer to your submissions, relating to the Construction Traffic and Pedestrian Management Plan (CTPMP), Construction Worker Transport Strategy (CWTS), and Truck Routes for Construction Waste Transport (TRfCWT), submitted to the Planning Secretary under conditions B34, B35 and B38 of SSD-9835. I also acknowledge and thank you for your response to the Department's request for additional information.

I note the CTPMP, CWTS and TRfCWT:

- were reviewed by the Applicant, and no issues were raised to the Department;
- have been prepared in consultation with City of Sydney and Transport for NSW (TfNSW);
- relate to the Precinct village and multi-level car park (PV&MLCP) main works;
- address the requirements of conditions B31 to B35 and B38; and
- have been submitted to the Department prior to commencement of construction works.

Accordingly, the Department has filed the CTPMP for the PV&MLCP main works, Version 05 dated 22 June 2024, for our information under condition B34 of SSD-9835. The Department has also filed the CWTS and TRfCWT for our information as per conditions B35 and B38 respectively.

I remind you to provide the Construction Contractor's direct contact number, as per condition B33, available during all construction hours/stages of the PV&MLCP main works, to TfNSW and the Planning Secretary prior to commencement of any works. I also remind you to implement the CTPMP, CWTS and TRfCWT effectively to manage potential traffic and transport issues.

Please note that if there are any inconsistencies between the submitted submissions and the conditions of consent, the conditions will prevail.

Also, please make the submitted submissions publicly available on the project website as per condition A36.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely
