Dear Mr Raggatt

I refer to the revised Event Traffic and Transport Management Plan (ETTMP) and the revised Event Management Plan (EMP) submitted to the Planning Secretary under conditions D17 and D28 of SSD-9835. I also acknowledge and thank you for your response to the Department's request for additional information.

I note the revised ETTMP and EMP:

- were reviewed by the Applicant, and no issues were raised to the Department;
- have been updated because of Modification 8 determination;
- contain detail as per the relevant conditions of consent; and
- have been submitted to the Department within six months of Mod-8 determination.

I also note that the ETTMP has been endorsed by Transport for NSW (TfNSW) whereas no comments have so far been received on the EMP despite follow up.

Accordingly, the Department has filed the revised ETTMP, Version 3 dated 13 June 2024, for our information under condition D17 of SSD-9835. Also, as nominee of the Planning Secretary, I approve the revised EMP, Version 11 dated August 2024 under condition D28 of SSD-9835.

I remind you that if you receive any further comments from Customer Journey Planning and Greater Sydney Parklands Trust regarding the revised EMP, please incorporate such comments, if relevant, and re-submit the final revised EMP to the Department for approval.

Please note that there is no requirement to submit the revised Green Travel Plan (GTP) or revised Passenger Pick Up and Drop Off Facilities Plan (PPUDOFFP) to the Department at this time under respective conditions of consent, thus these plans have not been assessed as part of this submission.

Please note that if there are any inconsistencies between the submitted revised ETTMP and EMP and the conditions of consent, the conditions will prevail.

Also, please make the revised ETTMP and EMP available for public access on the project website as per condition A36.

If you have any questions, please contact Matt Wood at [matthew.wood@dpie.nsw.gov.au](mailto:matthew.wood@dpie.nsw.gov.au).

Yours sincerely
