Sydney Football Stadium Redevelopment - Stage 2 (SSD-9835)

Revised Construction Traffic and Pedestrian Management Plan, Condition B34

Dear Ms O'Neil

I refer to the revised Construction Traffic and Pedestrian Management Plan (CTPMP) submitted to the Planning Secretary under condition B34 of SSD-9835. I also acknowledge and thank you for your response to the Department's request for additional information.

I note the revised CTPMP:

- was reviewed by the Applicant, and no issues were raised to the Department;
- has been updated to include a new temporary construction driveway which has been approved by the Greater Sydney Parklands;
- has been endorsed by Transport for NSW (TfNSW) and a copy has been submitted to Council for their information; and
- relates to the Precinct village and multi-level car park (PV&MLCP) construction main works.

Accordingly, the Department has filed the revised CTPMP for the PV&MLCP main works, Revision 06 dated 24 June 2024, for our information.

I remind you to continue provide the Construction Contractor's direct contact number, as per condition B33, available during all construction hours/stages of the PV&MLCP main works, to TfNSW and the Planning Secretary prior to commencement of any works. Also, I remind you to implement the revised CTPMP effectively to manage potential traffic, transport and safety issues.

You are required to reinstate the footpath and Driver Avenue following the use of the new temporary construction driveway as per the Greater Sydney Parklands requirement.

Please note that if there are any inconsistencies between the revised CTPMP and the conditions of consent, the conditions will prevail.

Also, please make the revised CTPMP publicly available on the project website as per condition A36 of the consent.

If you have any questions, please contact Matt Wood at matthew.wood@dphi.nsw.gov.au.

Yours sincerely
